Absolute Mobile Solutions

In an ever-evolving healthcare landscape, the role of mobile imaging services is pivotal in enhancing accessibility, convenience, and patient care. At Ultra-X Imaging, we are at the forefront of this transformative journey. Our commitment to delivering high-quality healthcare services is deeply rooted in our core values: People, Passion, Performance, and Partnership – the 4Ps that guide our mission.

---

### **Importance of Mobile Imaging**

In the rapidly changing world of healthcare, mobile imaging services are becoming indispensable. Here's why mobile imaging is crucial:

#### **■ Enhancing Accessibility**

With mobile services, caregivers of loved ones no longer need to take time off work, arrange transportation, or endure ER wait times. Patients can receive care at their preferred location, eliminating stress and inconvenience.

#### **■ Comfort in Familiar Surroundings**

Patients can stay in the comfort of their homes, reducing added transportation and waiting room struggles.

#### **■ Flexible Scheduling**

Mobile services offer flexibility, available from sun-up to sun-down, seven days a week.

#### **■ Swift Turnaround**

Reduced turnaround time for results means prompt diagnosis and treatment.

### **Wide Range of Services**

Our mobile imaging company, Ultra-X Imaging, offers comprehensive services to meet your healthcare needs:

#### **■ Diverse Imaging Services**

We cover X-ray, ultrasound (general and vascular), EKG, and echocardiography, meeting various diagnostic requirements.

#### **■ Cutting-Edge Technology**

We utilize state-of-the-art digital equipment for X-ray imaging, enabling us to send images directly from the patient's bedside to radiologists for swift analysis.

#### **■ Credentialed Professionals**

Our X-ray technologists hold ARRT credentials and undergo monthly quality assurance checks to ensure the highest standards of care.

### ■ Specialized Ultrasonographers

Our ultrasonographers specialize in a wide range of exams, including general, vascular, and arterial imaging, ensuring precise and accurate results.

### ■ Educational Partnerships

We are proud to be a clinical rotation site for several in-state imaging programs, contributing to the development of future healthcare professionals.

## Advantages for Clients

Selecting Ultra-X Imaging's mobile imaging services offers numerous benefits:

### ■ In-House Exams

Patients receive exams at home, reducing the need for EMS or other transport.

### ■ Reduced Readmissions

We minimize readmissions by eliminating the need to send patients to the hospital for imaging.

### ■ Efficient Integration

Our services seamlessly integrate with major SNF EMR systems for simplified ordering and result retrieval.

### ■ Customized Notifications

Clients receive critical results through their preferred communication method, ensuring effective communication.

### ■ Accessible Support

Our 24/7 Live Client Coordinators offer immediate assistance, reducing wait times and the need for callbacks.

### ■ Expert Radiologists

Local, hospital-based radiologists provide detailed reports and physician-to-physician consults.

### ■ Billing Support

We offer accurate Part A/Client Billing with local customer support.

### ■ Community Commitment

As a Michigan-owned and operated company, we're deeply rooted in our community, dedicated to providing exceptional healthcare services.

## Success Stories

We believe in the power of real-life stories. Here, we share how Ultra-X Imaging's mobile imaging services have made a positive impact, showcasing how our services have transformed healthcare delivery, improved patient care, and benefited our community:

**"Today was the second service I have had done by this company. They were able to schedule me very fast. The staff on the phone were amazing and the person who performed the imaging was professional, kind, and patient! To be able to have this done at my home is a huge benefit. If I need any services they offer in the future, this will be the first place I call! Thank you for everything!"**

—Rick B.

**"Chris and his associate did a wonderful job today! Very pleased with the tech and the quality of service. Would highly recommend! They are welcome back in my home anytime!"**

—Shannon C.

**"Tracy Wiersma was very polite, considerate and empathetic."**

—Diane P.
